## Summary

With a robust foundation as a paramedic, I've developed a proficiency in analytical problem-solving and adept communication while navigating intense medical environments. In parallel, my training and teaching experience have equipped me with the ability to distill complex medical information for diverse audiences. I am seeking to transition into a data analyst role, I aim to apply my analytical skills and instructional expertise to swiftly interpret intricate data, translating it into actionable insights for informed decision-making.

## Experience

Paramedic/ Lead Field Training Officer / Alternate Field Supervisor 2023

### Superior Mobile Health I San Antonio, TX

- Implemented diverse training methods, using effective communication to convey complex medical procedures and promote critical thinking, preparing trainees for real-world emergency scenarios.
- Led and mentored a team of EMTs and paramedics, fostering a culture of collaboration, professional growth, and excellence, resulting in increased efficiency and a high standard of patient care.
- Analyzed complex issues and swiftly implemented effective solutions, enabling seamless resolution of out-of-hospital emergencies and operational challenges in high-pressure environments.

Advanced Practice Paramedic 2022 - 2022

### Methodist Stone Oak I San Antonio, TX

- Assessed and prioritized patient needs in triage, enabling quick and accurate evaluations for timely and suitable medical care based on critical analysis and situational judgment.
- Kept meticulous and detailed medical records, documented patient information, interventions, and responses to ensure comprehensive and accurate care continuity
- Played a pivotal role in the hospital's rapid response unit, demonstrating swift mobilization and collaboration with diverse healthcare teams to address critical medical situations promptly, ensuring efficient patient care.

Lead Paramedic 2019 - 2022

### San Marcos Hays County EMS I San Marcos, TX

- Effectively assess and analyze complex medical scenarios, swiftly synthesizing crucial information to make informed decisions in high-stress, time-critical situations.
- Adept at delivering concise and precise reports to medical staff and recording detailed patient information, ensuring seamless continuity of care and accurate medical documentation.
- Key Accomplishments:
  - Received the Lifesaver Award from the San Marcos Police Department for administering life-saving medical care to critically wounded officers in a high-risk environment

Lead Paramedic 2017 - 2019

### Acadian Ambulance Service I Austin, TX

- Provided specialized care for critically ill or injured children as part of a regional NICU/PICU transport team, ensuring safe and efficient transportation while delivering high-level medical interventions during transit.
- Worked collaboratively with diverse response teams in nation-wide deployments, ensuring efficient resource allocation and effective patient care in high-stress disaster environments..

Instructor 2016 - 2018

### Lifestart Training and Consulting I Austin, TX

- Led interactive training sessions that encouraged active participation, discussion, and hands-on learning, fostering an environment conducive to problem-solving and critical thinking among medical personnel..
- Orchestrated and executed comprehensive evaluation procedures encompassing both written assessments and hands-on practical tests, ensuring rigorous standards of proficiency and competency
